Megger

Megger

Butler & Land is proud to introduce the MOM2 from Megger. The MOM2 Micro-ohmmeter is a lightweight, handheld unit designed to deliver up to 220 Amps and measure the resistance of circuit breaker contacts, bus-bar joints, and other high-current links. This product is designed with safety, ease of use and versatility in mind.

MOM2 Micro-ohmmeter

- Up to 220 Amps
- Battery operated
- Handheld, lightweight – 2.2 lb (1 kg)
- Safe test – DualGround
- Auto range: 1 μ O to 1000 mO
- Bluetooth PC communication
- Ultra capacitor technology (patent pending)
